

ARBOR TRACE

TOWER POINTE  
AT ARBOR TRACE

# The Arbor Trace Revue

1000 Arbor Lake Dr. Naples, FL 34110 (239) 598-2929

**John & Carole Fay T- 907**

We have, again, a beautiful second marriage love affair. John, raised in Edina, MN and Miami, FL met Carole, raised in northern OH, in Cleveland after the end of each of their first marriages. They were introduced through a mutual professional friend who thought they should become acquainted. CORRECT because they married three years later, blended two

families, a total of six children (now 11 grandchildren), and just celebrated their 28<sup>th</sup> anniversary by moving into Tower Pointe.

Their shared profession was not-for-profit institutional advancement, from which they both retired in 2011. John held leadership positions in notable organizations: Smithsonian's Air and Space Museum in Washington, the Inova Health system in Northern VA and the Cleveland Clinic in OH. Carole, who began as a teacher, held leadership positions in advancement at both University and Hawken Schools in Cleveland, the Washington National Cathedral and the Smithsonian's Hirschhorn Museum and Sculpture Garden in Washington, and Northern VA Family Service, the largest private human service agency in northern VA within the DC Metro area.

Both John and Carole have served on various professional boards, made numerous conference presentations to colleagues and peers, and mentored young people entering their field. Carole began consulting to not-for-profits and began her own practice in early 2001. Following retirement and residence in Naples, John and Carole worked as consultants to The Ohio State University on a portion of their \$2 million campaign. John proudly lead the team that raised \$250 million to construct the Steven F. Udvar-Hazy Center, Air & Space's companion museum. Carole is equally proud of being recruited to plan and execute establishment of the Hirschhorn Museum's first fund development program. The Fays honeymooned in Naples in 1993, bought their first property in Pelican Bay in 2003 and moved here in early 2021 when they felt they needed a facility that offered more services and amenities. They said their reason was because "it felt like family." So John and Carole, welcome to our family. May you enjoy many happy years with us.

- Carole Fay & Merle Bauser

## JULY 2021

**Nancy & Harold Fogelson 9-401**

Nancy and Harold were born and raised in northern New Jersey--Nancy from Patterson, and Harold from Newton. They met when Harold was sixteen, and Nancy fifteen, and they dated on and off for ten years before getting married. After high school, Nancy graduated from the University of Connecticut with a degree in Home Economics, then on to a Master's Degree in Education from

Case Western Reserve, another Master's in History from the University of Cincinnati, and later received her PHD in Diplomatic History, where her dissertation became a published book. She taught at the University of Kentucky, and then on to her favorite -- teaching History in high school. Also, she is a member of Mensa.

Not to be outdone, Harold graduated from the University of Utah, and then from Medical School, and then on to internship in Pediatrics at Case Western Reserve. In 1957, before his internship, he and Nancy were married. Harold trained in Pediatrics at Children's Hospital in Philadelphia, Neurology at the University of Pennsylvania, and Genetics at Johns Hopkins. Harold then worked at the Public Health Service at several Indian reservations. In 1969, they returned to Cincinnati, where Harold became Department Head in Pediatric Neurology, and later retiring as Professor Emeritus.

Along the way came three sons, and during this time, Nancy stayed at home raising them. The kids particularly enjoyed the Indian reservations. Nancy and Harold had always volunteered at libraries, with Nancy evaluating history books. Travel included trips to England and Hungary. Harold hiked in Nepal and Argentina. Nancy lectured in Hawaii and Canada, and has appeared on TV talking about Alaska and Canada. In 2005 they retired in Tarpon Cove. Nancy likes games, especially Backgammon, while Harold enjoys reading, writing, and the piano. Welcome to these two extremely interesting and accomplished people!

- Mary DePrisco

# 2 The Arbor Trace Revue

## Director's Notes:

The 4<sup>th</sup> of July is just around the corner and I would like to remind everyone to make their “reservations” for this patriotic event. It should also be noted that, we have a relaxed dress code on this day and shorts are allowed to be worn. It should be noted that there are only three events held each year in the Colonnade Room where shorts and casual attire is permitted; they are Memorial Day, 4<sup>th</sup> of July and Labor Day. For all other events held in the Colonnade Room, our regular dress code applies which is as follows:

Gentlemen must wear suits or sport coats (**with the exception of the summer months Memorial Day through Labor Day**) with a dress shirt or sport shirt

no T-shirts; By gentlemen, we mean any male 16 years or older. Ladies should wear dresses, skirts, pantsuits or slacks with a blouse no T-shirts or halter tops. It is up to you to inform your family and guests in advance of this dress code to avoid the embarrassment of being turned away.

What exactly does the Association insurance cover and what coverage am I responsible for?

Insuring a condominium unit is very different from insuring a single-family home. Here is a brief overview of how property coverage works. The Association purchases property coverage on all building structures for the following perils: fire, windstorm, hailstorm, earthquake and sinkholes etc. In the event of a catastrophic loss, the Association's insurance will pay to rebuild the structure of the building, including all residential units, back to the original floor plan. However, the Association's insurance will only rebuild to the bare drywall, including rough plumbing and electric. What this means is that you are left with a unit with bare drywall, no wall coverings, no floor coverings, no cabinets, no lighting fixtures, showers or plumbing fixtures and no built-in appliances. This is why it is important to understand your insurance policy and what you are responsible for. Basically, there are two parts to your homeowner's policy, property coverage to complete the construction to have a unit put back to where it once was and liability coverage that protects you the insured from the risks of liabilities imposed by Lawsuits and similar claims.

Today's Scam of the day is about a phishing email. This email appears to come from Norton, a company that provides a wide range of digital security services. As always, the purpose of a phishing email is to lure you into clicking on links contained within the email or providing personal information. If you click on links in phishing emails you download malware and if you provide the requested information it ends up being used to make you a victim of identity theft. This particular phishing email provides a phone number to call if you wish to dispute the obviously phony invoice. If you call the number in the phishing email you will be asked for personal information that will be used to make you a victim of identity theft. Scams are on the rise, please be careful.

Yours truly,

Kevin J Cooney  
Executive Director

We have groups that are meeting, please see the calendar of events for days/times. Please note for any activities meeting in person in our community, a face mask is optional if you have been fully vaccinated.

The Arbor Trace Condo Association will be meeting Wednesday, July 21<sup>st</sup> at 3pm in the Clubhouse Activity Room. The Tower Pointe Condo Association will be meeting Thursday, July 29<sup>th</sup> at 10am in the Tower Gathering Place.

# 6 The Arbor Trace Revue

## Hurricane Preparedness

We were delighted to welcome Collier County Emergency Management, Director Dan Summers to Arbor Trace on Monday, June 7<sup>th</sup> for our Annual Hurricane Preparedness Seminar.

He presented helpful information to help us all prepare and understand the County's response to emergencies.

## Farewell: Cris Gomez

To say she will be missed is an understatement! Cris our ever friendly Dining Room Manager has decided to leave us after over twenty-two years of service.

Cris was the first person you saw in the dining room, and always had a unique way of knowing exactly who should sit with who and has created many new friendships with her intuition. If you came to dinner alone, she would find you the perfect person to sit with, or she would sit and chat with you to keep you company while still

making sure the other diners were enjoying their meals. She was very in tune to every aspect of the Colonnade and could spot a missing piece of flatware from a table halfway across the room.

Cris has overseen many new waitstaff over the years and has had a hand in training most of them. Managing with a firm but gentle touch, she went above and beyond to create schedules for the staff that worked around children, schooling, and other jobs while still making sure the Colonnade needs were met. In her many years here, she has taken a firsthand approach on many private catering functions, special luncheons, holidays, catching the New Year's Eve ball and to cutting almost every birthday cake.

One of my favorite memories is her lovely composure when one of the visiting babies did not want to sit through dinner. Cris scooped her up in a true loving grandma fashion and carried her around the dining room so the family could enjoy their meal and others would not be disturbed. We have had a lot of laughs, a few tears and some wonderful times. Wishing you the best on your next endeavor, I know you will succeed with your beautiful outlook on life.

- Jennifer Whitten

## Calling All Swimmers

Calling all swimmers, male and female, water sprites and nymphs! Come to the pool Tuesday and Thursday mornings. Have fun in the sun and water while using your limbs and legs to not only get your circulation moving but also create a trimmer, healthier you. Aquacise is great for aching muscles, arthritis and back issues. Sandy Steinbach leads two classes weather permitting. The first class at 9:15 a.m. is over-subscribed while the second class at 10:15 a.m. needs You. Join us for a social and active 45 minutes. In addition to your towel and cover up bring a hat or visor for sun protection.

- Shirley Woolaway

## Happy Hour is back at Arbor Glen!

We are so happy to say that the activities in Arbor Glen have resumed. It has been so long, but we are finally back at it. Happy hour was one of the first activities we started with. What a great turn out we had and a wonderful time as well! - Cheryl Gregson

### Improvements by Your Neighbors

Have you seen our new landscape feature? New Tower residents, Lynn Stiles and Vivian Patterson-Stiles who previously lived on Marco Island and had a butterfly garden, envisioned a butterfly garden in Arbor Trace. What a lovely, generous gift to our community!

Our butterfly garden was planned and planted by a landscaping company on June 10th. It has white ground tiles leading to white benches on which one can sit and enjoy the butterflies. The garden may presently be viewed through the blinds of the Gathering Place windows or by walking through the yard at either end in back of the Tower. Nick Hoops is working on a solution to allow easy access to the garden through the fire doors in the Gathering Place and a return the same way.

**Caution: The fire doors presently lock as you exit!**

While I was in a butterfly garden in Cincinnati, OH, the attendant placed a drop of what I believe was honey on my extended index finger. The butterflies located this delectable sweetness and obliged me by landing on my finger and gorging themselves! What a thrill! It's worth a try!

These are exciting times in the life of our community. The exterior painting of the Tower is complete, and the Tower residents have approved a plan to renovate the lobby. The concierge desk will be relocated opposite its present location to in front of the windows. A storage room will be created in the former concierge area for the influx of packages due to the Covid era and increased technological know-how by residents. As a result of resident voting, those entering the Tower will be greeted by cool blue walls, (as opposed to a "warm color scheme"), which will be a welcome relief during the torrid Florida summers! A white tile floor area will be at the entrance, as well as in front of the elevators, and rugs will cover the remainder of the floors. Every day, we are becoming more beautiful, thanks to the generous gifts of time and money of so many residents!

- Nona Raines

Before and After Pictures of Butterfly Garden

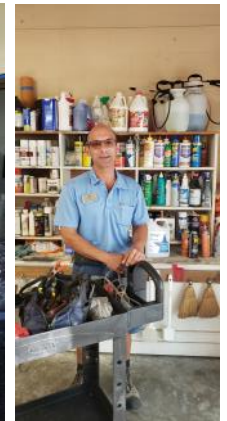

### A few friendly reminders for communication with the Dining Room and Kitchen.

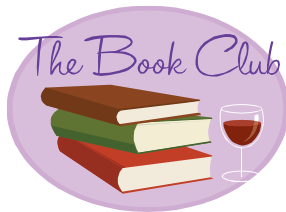

To make Dining Reservations, please call 438-4668 or email [fsalvador@arbortracenaples.com](mailto:fsalvador@arbortracenaples.com) by 3pm.

Pick up or delivery orders, please call 591-4851 or email [arbortracekitchen@gmail.com](mailto:arbortracekitchen@gmail.com) between 1pm-4pm.

### Maintenance Department

Now that we have taken our masks off, let's get to know our teams again! Pictured here are the wonderful guys that make up the maintenance staff. Say hello when you see them! - Barbara Smith  
Pictured Left to Right (Dale, Nick M. Ricky, Miguel, Roger, Jose, and Joe)

Mao's Last Dancer by Li Cunxin, July 16, 1:00 in the TP library Join Us! - Karen Sexton

### C.A.M.'S Corner

A number of projects are underway throughout the community to keep things looking their best. The Tower is close to completing the exterior painting of the buildings, and although the decision to do so was difficult, the change of color has garnered a significant amount of praise and admiration. The Tower residents also recently approved an entire ground floor lobby renovation and will begin soon.

The Villas resident mailboxes will be also soon be painted, as their original paint is wearing through from their installation in 2014. Discussion is also underway to determine the need to update some of the lobbies and party rooms in buildings 201 and 900 that may benefit from a refreshing. The new door hardware recently installed throughout the buildings have made a tremendous impact already.

The landscaping is always receiving updates, recently from plant replacements throughout and is regularly tended to by the committees. Seasonal flower planting have been installed for the hot summer months as well.

Keep up with the rain dances- I think they are starting to work! - Nick Hoops

### In the Garden

Summer has begun as of June 20th. The heat and humidity have started with great intensity. To my delight the rain lilies have responded with great ferocity also. They were given to me by a friend in 20 small pots a few years ago. Their pale pink bloom is quite pretty but only lasts about a day or two. They often bloom again in a short period of time. "One who plans a garden plants happiness" As our little plaque says, which was beautifully painted for me by Priscilla Clement, our resident amateur artist, and has brought us much happiness with flowers like the rain lilies. - Sandy Bortz

### R.O.M.E.O.

We had another outstanding luncheon on Thursday, June 17th with 40 in attendance. It started out with Sandy Steinbach passing out name tags & table assignments & yours truly selling raffle tickets. We were served our beverages, lunches, and ate and talked about everything. After dessert (cherry pie) we were entertained by Doug Dick & Marty Krebs playing a trumpet duet of 3 songs with the last being the Star Spangled

Banner. Everyone stood & sang proudly. We then had our raffle drawing for a gift certificate from our beauty salon, one for a lunch in the Colonnade Room from the real-estate office, a basket with a bottle of Champagne, cheese & cocktail napkins donated by Chef Brett in our kitchen plus 3 cash prizes of \$23. A lot of men went home happy! I then asked if anyone had any good jokes, we had 2 volunteers, Carl Steinhouse & Andy McWethy & they were good! Next month's luncheon will be on Thursday July

### Paying it Forward

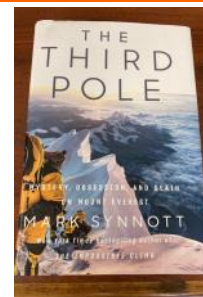

Thanks to the Tower Trace Board, Arbor Glen has been equipped with all new beds. Instead of trashing the old, they have been donated to the Public Schools. Many Schools in the area have programs to help train future nursing assistants right in High School. Getting hands on experience before they are certified helps to enrich learning. Mrs. Woodward, Coordinator, appreciates these wonderful tools to enrich learning.

-Jennifer Whitten

### Good News!!

Mark Synnott (resident Suzanne Synnott's son) has a new release and it's available in the Tower library for all. For those who read his first book, this is good news—another page-turner based on his vast mountain climbing experiences. Our thanks for the donation, Suzanne.

- Karen Sexton

### Ice Cream Social

Royally Scoop your way to a pleasant Sunday afternoon! Sunday, July 25<sup>th</sup> at 4:00pm Gathering Place  
Cost: \$5 per person

Put your name on an envelope (CASH ONLY) and place in Grunewald's folder in the Tower Pointe mail room. Raffle Tickets—Great Prizes including gift cards!
