**Welcome to Di Eddy &
Walter Hensen
TP 707**

Diana was born in Montreal and went to The Study school for girls. She studied fashion design for 5 years which culminated with a job offer as Fashion Coordinator for Oglivy's department store in Montreal. She worked then on

TV commercials with an advertising company. At that time, one day was filming and the next day, sound. How tech has changed! Married with 2 boys, they moved to NH and she studied interior design in Boston. Sadly, her husband was killed in a plane crash. She needed to learn more about money. With boys in college, she moved to Boston and was hired by Kidder Peabody. Several years later she bought a condo in FL. Here she became involved with the Bonita Springs Chapter of the Chaine Des Rotisseurs, a fine wine and dining organization that originated in France in the 1500's. She belonged to the Junior League in Montreal, Boston, and FL.

Walter was born in Germany and immigrated to Elizabeth, NJ in 1938. In 1961 he joined the Army and was stationed in Crailsheim Germany. After discharge he moved to Munich and traveled throughout Europe. He returned to NJ and in 1966 moved to Sugarbush, VT. He was a Real Estate broker specializing in condo projects and also worked in Ocean City, MD, Quechee, VT, and Montauck, NY. His hobby was flying since 1972. He spent two years at Burnside-Ott school of aviation in Opa -Locka, FL for commercial, instrument, multi engine ratings. Owned a few planes from 1978 till 2015.

Their first link was Sugarbush, where Di had a condo, and they met in the mid 90's. They have wintered in Bonita Bay till moving here. They plan to continue spending summers in VT.

We welcome them and hope they will find time to enjoy some of our activities at Arbor Trace.

**Welcome Eva and
Harvey Greenbaum
V-401**

Even though Eva and Harvey have been owners here for well over a year, I was finally able to pin them down for a delightful interview this past week. They are snowbirds, spending six months here in Naples and six months in Goteborg, Sweden, both at their apartment on the ocean and in their summer home on an island, and they continue to travel all over Europe.

Eva and Harvey met while ice skating in Rockefeller Center in New York City. They both love winter sports. Harvey worked for the New York City Police Department for twenty-eight years, working his way up to Supervisor of Detectives for fourteen of those years, specializing in street crimes and narcotics. After his retirement from NYC PD in 1982, he started a second career in the CoOp City Police Dept in the Bronx in a similar capacity where he was elected President of the union and remained for twelve years as president. With the union lawyer, they settled three contracts, with no strikes. His duties included representing the union members at arbitration, and he also assisted in gaining tax exempt status and investing union dues -- which did rather well. He finally retired in 1999.

Eva, a native of Sweden, managed spas and salons as "Eva of Sweden" for The Hilton, The Marriot, and The Castle, in Westchester County, New York, for many years, providing their clientele with many specialty services.

They both love opera, ballet, and the theater. They are now members of Christus Victor Church. Also they are proud owners of service dogs, poodles, of which they've had many through the years. Now they are down to one, Cleo (Cleopatra), who is now seventeen!

How did they ever find Arbor Trace? It was through a mutual friend and Elsa McAvoy! Their villa has been totally upgraded and is absolutely beautiful --complete with a lovely setting on our lake. This exciting couple had me completely enthralled for two hours!

Director's Notes

The hot weather is coming and it's that time of year to have your Air Conditioning serviced. Tower Pointe residents, we have a contract with Crowther Air Conditioning, who performs an annual inspection on all Tower Pointe a/c units. This inspection service is included in your quarterly condo fees. If their inspection turns up any problems with your a/c unit, they will provide you with a written report as to what work might need to be performed. You may use them for the repair or use another a/c contractor of your choosing. Crowther is scheduled to perform this service in late June. If you have a maintenance agreement with another a/c contractor and would like to opt out of this annual maintenance inspection, please let the Tower Pointe Concierge know.

Arbor Trace residents, I am sure that many of you already have existing service agreements with a/c contractors of your choosing. If you do not already have a relationship with an a/c contractor and you are in need of service, please call the clubhouse receptionist for a referral. We have relationships with several reputable a/c contractors that we are comfortable recommending. For the benefit of our newer residents, I would like to call to your attention that our website, www.arbortrace.com; it is a wealth of information. (You can explore the site to see what it's like to live in this beautiful community) Under the Events/News tab, you can view the monthly calendar of events and past issues of the newsletter. If you click on the Residents tab, you can check out the weekly menu for the Colonnade Room, as well as catch up on what you may have missed at the last condominium association meeting. In addition to the website, we also have our own in-house television channel 195, where you can view the weekly menus and special events at a glance.

Avoiding Telephone and Internet Scams: Older adults are increasingly the targets of scam artists on the telephone who use lies, deception, and fear tactics to convince the older adult to send them money or provide personal account information. The Do-Not-Call registry may reduce calls from telemarketers representing legitimate businesses; however, it will not stop criminal telemarketers from calling.

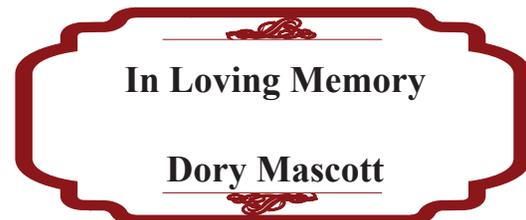

One of the biggest Telephone scams today is the IRS phone call. The IRS has warned that this crime continues year-round. The IRS will always send taxpayers a written notification of any tax due via the U.S. mail. The IRS never asks for credit card, debit card or prepaid card information over the telephone and the IRS does not initiate contact with taxpayers by email, text message, or through social media to request personal or financial information such as PINs or passwords, credit card, bank or other accounts. If you get a phone call from someone claiming to be from the IRS, here's what you should do: If you know you owe taxes or you think you might owe taxes, hang up and call the IRS directly at 1-800-829-1040. If you know you don't owe taxes you can report the incident to the Treasury Inspector General for Tax Administration at 1-800-366-4484, you can also report the scam by going to www.irs.gov/uac/report-phishing, and or the FTC Complaint Assistant at ftccomplaintassistant.gov. (IRS.gov) can give you more information on this subject. If Email scams related to the IRS come to you don't open any attachments or click on any links in the message. Instead, report it to treasury.gov/tigta and forward the e-mail to phishing@irs.gov.

I would like to welcome our new Food Service Manager Ethel Hubbard. She will be working closely with Brett Wayte our Food Service Director to better enhance your dining experience both in the colonnade room and Arbor Glen. When you see Ethel please say hello and welcome her to Arbor Trace.

In closing please be careful driving in and out of the main gate; take it slow and look for bicyclists and pedestrians.

Yours truly,

Kevin J Cooney
Executive Director

In Loving Memory

R.O.M.E.O.

On Friday April 19 our Bus left at 11:45 heading to the Brooks for lunch at Shadow Wood Country Club. We arrived & were led to our private dining room by a previous member, Andy Morrow.

Drinks were served as we all started to discuss the world affairs including the Mueller report. Lunch was served and it became very quiet as we all ate. After lunch 2 first timers were introduced, Art Heigl & Mike Clukey. Joe Scott then gave a short announcement about a new mens discussion group he would like to get started. More info will follow from Sandy Steinbach to the entire community. We then heard the "Living obituary " from Bill Glaser, quite a background. The lunch ended with our raffle & some old jokes.

Next months luncheon will be Friday May 17th at Spanish Wells C.C.

Trip to the Artis Naples

We had an amazing experience checking out the Isabelle de Borchgrave fashion exhibit and the Philip Haas exhibit at The Artis Naples. The exhibition celebrates the diversity of de Borchgrave's work since the mid-1990s, including pieces from *Papiers à la Mode*, a survey of 300 years of fashion history presented by The Baker Museum in 2013; her *Splendors of the Medici* series exploring the Italian Renaissance costumes depicted in contemporaneous paintings; and her most recent work, *Les Ballet Russes*.

Music in the Garden

What a delight to welcome violinist Glenn Basham to our community for Music in the Garden on April 11th. He played wonderful selections for us, and we wish he could have kept on playing the rest of the day! A special thank you to Bob and Sandy Bortz for their steadfast efforts in creating and maintaining the stunning garden for all residents to enjoy! With the butterflies floating around and Glenn playing a beautiful array of songs we felt the beginning of spring.

A "Feel Good" Happening

This past winter, I learned that the french horns at the Immokolee Middle School were in bad shape, literally held together with erasers. Having a special love of that instrument after playing it for 5 years in Jr and Sr high school, I decided to find a used horn to donate to the school. The Music Director put me in touch with a music store in Ft Myers where I was able to purchase a horn and have it delivered to the school. End result is one happy little boy!!

Neighbors

To this lovely site from diverse states the winds of chance have blown our motley group bearing strong mandates: "Find housing of your own!" In southern regions each one sought fulfillment of a dream and found it here where we now hold court and ply the day's routine. Our villas stick together yet we're eminently free to come and go with no regret for such independency! Transportation needs are filled in authentic Scouting mode - (Surely Baden-Powell would be thrilled that we're faithful to his code!) For the mundane errands we all share frequent rides are a benefit - Need pills? or stamps? or shoe-repair? It matters not a bit! We've forged a very special bond in which we all take pride; any differences we look beyond or patiently abide. Now Mary, once our villas' Queen, in the Glen begins her reign, quite apart from our 800 scene, her dearly-loved domain. Though she rules Upstairs with a natural grace and a mien felicitous, let it be known Queen Mary's place will always be with us! This affirmation shows how far our loyalty extends as just neighbors we no longer are, we count ourselves as friends! How lucky that we have this link for when all is said and done, it's a lottery I like to think that each of us has won!

New Birds in Arbor Glen

We are very excited to welcome 4 new juvenile parakeets to Arbor Glen! Thanks to a generous donation from the Osler family, we have created a new home for these sweet

birds in Arbor Glen. The residents are already singing and talking to them, and helping with tasks. If you have a special place in your heart for birds, please come up and visit with them! We love to see friends and neighbors!
